Power

- 31-hp Yanmar Diesel engine with 81-cubic-inch displacement provides the needed torque to power through tough conditions
- 11.5-mph transport speed

Hydrostatic System

- Exclusive single-body dual-unitized Kanzaki pump for greater reliability
- Closed Loop system eliminates cross contamination possibility
- 3.2-gallon (U.S.) reservoir allows a longer "dwell time" - enabling system to run cooler

Oil Cooler

- Standard oil cooler for longer component life

Mower Decks

- Shaft-driven mower deck for reliable power transfer
- Full floating deck follows ground contours, providing the best groomed appearance
- Hydraulic clutch enables smooth mower deck engagement for longer life and durability
- 60- and 72-inch 7-Iron II™ decks provide a powerful vacuuming action to lift the grass and handle more material
- 60-inch, 7-gauge rear-discharge deck decreases thrown object potential and provides two-sided trim capability

Deck Height Adjustment

- Innovative, low effort dial height-of-cut adjustment with foot assist deck lift system
- Fifteen height-of-cut positions from 1.5 inches to 5 inches in 1/4 inch increments

Spindles

- Ribbed cast aluminum spindle housings provide strength and cooling surface area that stands up to commercial applications
- Three 25mm spindles are cold-forged and heat treated for added strength
- Spindles are supported by precision ball bearings, providing enduring performance and reliability
- Spindles can be greased from the top of the mower deck

Heavy-Duty Canister Style Air Cleaner

- Standard heavy-duty canister air filtration system improves engine life

Deluxe Comfort Seat

- One-piece, high-back, deep-cushioned seat with standard armrests
- Up to 5-inches fore-and-aft adjustment to match operator size

Two-Lever Hydrostatic Drive Controls

- Zero-turning radius for excellent maneuverability
- Dual-lever, hydraulically dampened operator controls provide a smooth ride
- Ergonomically designed for rider comfort during extended operations

Large Fuel Capacity

- 12 gallon (U.S.) total capacity - allows for all-day mowing
- Standard fuel gauge
- Top-draw tank for added safety

Serviceability

- Flip-up seat for easy access to the hydraulic system
- Open engine compartment and removable hood for full access to engine components
- Flip-out foot panel for easy access to deck spindles

Safety

- Foldable ROPS certified to OSHA 1428.5 and SAE J1194 & J2194
- Fully enclosed engine compartment to reduce overall engine noise
- Bilingual (English and Spanish) safety decals and operational safety video

Two-Year "Bumper-to-Bumper" Limited Warranty*

- Local John Deere Dealer takes care of all warranty service. (There's no need to go to component suppliers for service.) *See dealer for details.

Product features subject to change. Please contact tome@cpebry.com for more detailed information.
