Available with:

- 60-inch 7-Iron™ PRO Deck

Power

- 34 hp Air cooled Kawasaki engine
- **Heavy-duty ground drive transmission** - Integrated hydraulic drive eliminates leak points and provides plenty of power to handle even the toughest cutting jobs

Comfort

- **Exclusive Turn Key +1** - Starting the machine is as easy as starting a car - Your control levers can be extended out or pulled in as long as the parking brake is engaged - just turn the key and go!
- Adjustable motion control levers can be adjusted to three different height settings and multiple fore-aft positions, providing comfortable positions for almost any operator
- Convenient controls are grouped together on the right console, providing one central location for key switch, throttle, PTO engagement, height of cut, diagnostics, and hour meter
- Engage the parking brake with your left foot rather than a hand brake - it is easy to engage and keeps the operator's hands on the control levers

Durability

- Caster wheels and caster wheel towers have greasable bearings for long life and easy steering
- Heavy duty I-Cast iron I Beam caster wheel arms support axles are impact resistant for durability on the PRO Z-Trak™ Series
- Offset front caster wheels help improve inside corner trim performance and also help reduce between-blade striping
- To eliminate flat caster tires, PRO Z-Trak™ machines are equipped with run flat tires as standard equipment

Serviceability

- Flip-up foot platform provides easy access for servicing the mower deck
- Fuel gauge makes it quick and easy to see how much fuel is in the tank
- Make fewer stops for fuel with the increased fuel tank capacity of 11.5 gallons
- Large diameter fuel-fill opening reduces the chance of spilling when adding fuel
